今年展覽中,可見醫療輔具朝「安全省力」的趨 勢設計。例如由中華安全行動照護協會成立專區,宣導「安全省力轉移位」,示範用省力、安全 的方式來移動年長者或行動不便者;港商標鎰汽 車(大古汽車)也將在現場展出社福車,便利舒 滴的設計讓身障者及協同移動的家人更為輕鬆。

# 4 EXPOS KICK OFF today! Inspired health in all its splendor

Taipei June 18, 2015: If you are seeking a comprehensive medical trade show that's packed with the choice, innovation and quality, then Taipei's four-show venue may be for you.

The 6th edition of Medicare Taiwan (Taiwan Int'l Medical & Healthcare Exhibition), organized by the Ministry of Economic Affairs; Bureau of Foreign Trade and implemented by the Taiwan External Trade Development Council (TAITRA), opens at TWTC Hall 1 June 18, and will run through June 21. Medicare Taiwan is held in conjunction with SenCare (Taiwan International Senior Lifestyle and Health Care Show), TailHerbs (Taiwan International Herbs & Functional Foods Expo), and P&B Taiwan (Taiwan International Parent & Baby Industry Show).

wan's exclusive venue covers the entire lifespan from nts to the elderly- and everything in between. This is ere 481 exhibitors are using 817 booths to match the ds of domestic and international pros at an interactive ue for business, industry and the people.

The expos demonstrate how assistive medical devices are

becoming safer, easier - and almost fun to use. I hat can best be seen at a special demo area that shows how handicapped elderly and others can be moved in a safe and easy manner. The three-company area is set up by CSPHA (Chinese Safe Patient Handling & Management Association). Nearby, Taikoo Motors is demonstrating its special T5 IPC SUV that's tailor made for wheelchair users. Evidently this opens a new mobility to wheelchair users and their families.

Old & young concerns come together for mutual assistance as evident in the cooperation between P&B and SenCare. as evident in the cooperation between P&B and SenCare. The Parenting & Baby expo features the best from 10 members of TCMA (Taiwan Toy & Children's Article Manufacturers Association) to create a "Toy Festival" area for children to play"., which also offers a fan webpage for interested companies to sign up for appointment for further discussion. SenCare also offers O2O forums for those with an interest in aging to discuss the growing grey generation.

Even in the midst of economic downturn, the medical device market is still robust. In Q1 2015, Taiwan medical products market total transaction value is estimated NT\$21.9 trillion, a

14% growth on the same period in the previous year, reports IEK (Industrial Economics and Knowledge). And that annual market is soon expected to reach NT\$97.8 trillion.

Over the next four days more than 65,000 visitors are expected including key buyers from the U.SA. Germany, China, Russia and Poland. This is one more indication that Taiwan medical products are increasingly being recognized around the world. In fact, the Taipei Office of the Interchange Association of Japan (IJA) has picked up on the trend to organize its first-ever delegation of exhibitors comprise of seven Japanese companies.

The first two days of Medicare and TaiHerb (June 18-19), are exclusively open to domestic professionals who receive admission ticket with their business cards, while June 20-21 is open with free admission to all visitors.
