Asia's Best Sourcing for Motorcycle Professionals Who Crave Excellence

MOTORCYCLE TAIWAN, Asia's unparalleled sourcing platform for quality motors, parts and accessories with customized service. Highly regarded by local and overseas exhibitors from China, Hong Kong, Japan and Malaysia, the professional two-wheel show attracts 15,000+ buyers who crave excellence. It highly appeals to buyers from Japan, US, Asian countries and the EU.

From scooters to motorcycles to ATVs and UTVs, this specialized two-wheeled one-stop shop provides:

- Best sourcing for OEM suppliers of heavy-duty motorcycle parts & accessories
- Quality products from Taiwan & other countries
- Innovative & custom Taiwan-made motorcycle parts & accessories

Key Exhibitors from Taiwan Motorcycle Industry

KYMCO, a prestigious manufacturer with 50 years' experience, has served more than 10 million scooter riders. With product range includes scooters, motorcycles, mobility scooters, ATVs and utility vehicles, its smart scooter Noodoe, a new loV invention, is expected to whelm the market.

Taiwan Golden Bee (TGB) is a major Taiwanese exporter of ATVs, UTVs, scooters, and powertrain solutions. Its years of know-how and expertise guarantee high-level products with eye-catching styling, superior function and performance.

ADIVA gives riding a different enjoyment by its three-wheel scooter AD3. With two-front-wheel design, excellent suspension and chassis, AD3 boasts matchless road holding in all weathers. ADVIA also provides electric scooters.

Chian-Yie Industrial (NCY), a major player in the global scooter tuning-parts market for more than 15 years, it is well-known for its focus on product development and its attractive, high-performance upgrades for popular scooter models.

Tong Yah Electronic Technology (KOSO) is a specialized developer and manufacturer of parts and accessories for motorcycles, scooters and automobiles. Its leader-of-the-pack products include meters, gauges, lights, grips, engine parts, and more.

More eye-catching exhibitors:

Motorcycle Parts and Accessories:

FIVE-ONE POWER DEVELOPMENT, WUKAWA INDUSTRY, YIH JING TRAFFIC INDUSTRIAL, YEAN HORNG

Motorcyclists' Accessories:

SPEED-R, ZEUS

Maintenance Equipment:

AUTO STATE, ACCEL TECHNOLOGY, PY-SYS TECH

Taiwan EV Scenario

- 32 charger models receive CNS 15511 certification.
- 14 local-made e-bus models are on the road.
- Two EV models are being trialed as government official vehicles.
- Eight local-made e-scooter models are on the road. Government subsidies keep boosting the market, with over 57,000 citizens having enjoyed benefits.

With its well-established EV supply chain, Taiwan supplies global well-known EV manufacturers. EV TAIWAN is the can't-miss show for sourcing high C/P Taiwan-made complete EVs, components and infrastructure. Key exhibitors from Taiwan include:

FUKUTA is a major supplier of high-performance motors to global EV manufacturers. Boasting world-class R&D capacity and unmatched bespoke ability in system integration, the company will exhibit complete product series that suitable for all types of EV.

KOMO MOTORTEC, a veteran company in making powered-two-wheeler (PTW) and ATV/UTV plastic body parts, has successfully got a firm foothold in E-two-wheel industry with its two e-scooter models for urban transportation, the Kola and Line.

NICE CRANK, specialized in E-scooters and E-bikes manufacturing, will introduce its latest and a major product model, the J1 E-scooter this year which boasts 7 patents.

Taiwan EV Opportunities

- 10,000 e-buses to replace diesel buses by 2023.
- Government subsidies for purchase of e-scooters, e-buses, power batteries and charging stations.
- EV purchases enjoy goods and license tax exemptions.
- Island-wide construction of EV infrastructure continues.

Shihlin Electric, with 60+ manufacturing experience, is a vital motor supplier to the world EVs / automobiles / motorcycles industry. Its sophisticated automobile equipment system includes automobile parts / electrical parts, motorcycle parts and DC motors.

SOLPOWER, a professional of motor design and manufacturing. Its spindle motor for tool machine is highly acclaimed. Other strengths include EV motor, servo motor, linear motor, DD motor.

XING Mobility supplies race-derived advanced engineering and technology to the world's smart mobility eco-system. It provides car design consultation during the exhibition, and will exhibit the first Taiwan-made electric supercar with on-track and off-road capabilities.

Other key exhibitors such as **EV parts supplier ACEWELL**, **battery manufacturers WELLTECH ENERGY** and **ATECH TOTALSOLUTION** will bring their latest achievements to expand your business.
