- B. Any additional written regulation shall form part of the Terms and Regulations for Participation and shall be binding on the exhibitors.
- C. In the event of any occurrences not foreseen in this manual, the decision of the organizer shall be final.

REGULATIONS GOVERNING BOOTH DECORATION WITHIN THE TAIPEI WORLD TRADE CENTER EXHIBITION HALL

August 2014

- I According to the Regulations Governing Booth Decoration within the Taipei World Trade Center Exhibition Hall, the contractors should fill up the registration form and submit the relevant registration documents to TAITRA. If the contractor fails to complete the registration and submit the deposit, TAITRA reserves the right to refuse the contractor entrance to the exhibition hall for construction purposes.
- II Decoration contractor registration, access control and deposit submission/refund:
 - (1) Decoration contractors are required to register and pay the deposit at the exhibition management division of TAITRA prior to entering the exhibition halls (The office of the management division is located at 2F of World Trade Center Hall 1. TEL: 27255200 ext. 2276 or 2247). All staff must wear the service badges issued by TAITRA or the work badges issued by the show organizer to be granted access.
 - (2) The contractor should submit the following information when applying for the service badge:

1. Contractor Registration Form and Affidavit (company's seal and responsible person's seal shall be affixed)
 2. A photocopy of the Business Registration Certificate or Company License
 3. Deposit check payable at sight (NT\$20,000. Payee: Taiwan External Trade Development Council)
 4. Service Badge Application Form
 5. Taiwan External Trade Development Council Safety and Health Terms of Agreement for Exhibitors
(The forms for items 1, 4 and 5 are available at TAITRA management division or downloadable from the following website: <http://www.twtc.com.tw> → Showground facilities → decoration service (→procedure and description of service badge application))
- (3) The deposit should be paid via a non-negotiable check payable at sight. The contractor should pay the deposit at the Bank of Taiwan World Trade Center branch along with the payment notice issued by TAITRA management division. Subsequently, apply for the service badge by furnishing the bank-stamped payment notice. Registered contractors who have not incurred any violation fines and damage compensations will have their deposit refunded interest free when withdrawing their registration.
- (4) All decoration related contractors (such as operators for human resources, assembly, carpentry, art, paint, carpet, water and electricity, sound, lighting, transportation, ironwork, forklift, and custom declaration) are required to register individually and may not be attached under the design or decoration company of the turnkey contractor.

III Construction guidelines for exhibition booths:

- (1) It is essential that exhibition booths must be properly erected and decorated. The exhibition company's name and booth number should be displayed at a prominent place in the booth.
- (2) No booth may exceed the height of 2.5 meters (2.2 meters for H Area). Company signs or product signs can be erected to a height not exceeding 4 meters (2.3 meters for H Area) from the floor. Fixtures or signs that are affixed above the main (2.5m) structure should be recessed at least 50 cm from the side edge of the lower structure between booths. The length of wall facing the aisle should be less than 50% of the length of the same side of the booth, and the length of the wall continuously closed should not exceed 9 meters. If the height of booth construction has to be increased (to maximum 6 meters) for particular reasons, exhibitors shall obtain prior permission from TAITRA and take out Public Liability Insurance and Third Party Liability Insurance. It shall take at least 4 booths to put up an extra-high construction. And the outer rim of the extra-high construction should be at least 1 meter from walking aisles and neighboring booths of other exhibitors. For each extra-high construction, a fee of NT\$100,000 will be charged, if its extra-high area is not exceeding 18 sq. meters. If the extra-high area of the construction is over 18 sq. meters, then the fee will be charged in proportion to the extra-high area (i.e. the fee = extra-high area ÷ 18 sq. meters x NT\$100,000).
- (3) Partitions, walls or signs next to aisles or between booths should be attractively designed and built only after obtaining the approval from exhibitors in neighboring booths. Otherwise, electricity will be denied.
- (4) If a booth located in the atrium (Area D) in Hall 1 has a ceiling, it will be required to fit into the overall approved design. The top of the ceiling must be painted and it should not be loaded with any objects.
- (5) The construction of a closed part should not cover more than one-half of the rented space.
- (6) Booth and exhibit decorations (including signs, flags, plants, carpets, and lights) should not be placed or be extended beyond one's own booth(s).
Any exhibitor refusing to make changes as directed will have their electricity cut off.
- (7) No objects should be hung from the ceilings or pipes. No posters or other promotional materials may be

posted on walls or pillars. These materials may be posted only on the partition walls within the individual booths.

Any exhibitor refusing to make changes as directed will have their decorations dismantled by TAITRA at the exhibitor's expense.

- (8) Hydrants (94cm wide, 126cm high/for the third Hall, 75cm wide, 130cm high), fire extinguishers (65cm wide, 75 cm high), fireplugs, emergency exits, air quality detectors (15cm high, 15 cm wide for one-pellet set, 30 cm wide for two-pellet set, 45 cm wide for three-pellet set), electricity boxes (60cm wide, 136cm high), exhaust port (60cm wide, 60 cm high) and all signs of the hall should never be covered, or blocked. The decorating wall around the column must also leave a space of 15cm respectively above and below the air quality detector. The height of the decorating wall around the column may not exceed 4 meters. Application should be submitted in advance for the approval of covering the column.

If there is any violation of these regulations, TAITRA retains the right to immediately remove the entire structure at the exhibitor's expense.

- (9) Removing or damaging the electrical facilities of the exhibition halls, or connecting incompatible electrical equipment to the electrical facilities is strictly prohibited, to prevent blackout or fire caused by a facility overload. Any illegal facilities discovered will be removed by the show organizer. The removal cost will be borne by the exhibitor or contractor. Power supply for the booth will also be cut off. For failing to comply with TAITRA provisions and take care of public property, removing or damaging the electrical facilities, the contractor will be fined \$100,000 or prohibited to work in the exhibition halls for 6 months if being caught guilty of the above violations for more than twice a month or three times a year (inclusive).
- (10) The installation of neon-lights, twinkling or revolving lights or strings of lights is prohibited. The light from lamp should not be projected upward lest a fire should happen owing to a fallen article staying on the mask of the lamp. A single layered booth with a cap or a double layered booth (with or without cap) should be equipped with two 10P ABC dry powder fire extinguishers to ensure fire safety of the booths.
- (11) Any television wall or screen wall whose total area of screens exceeds 5 sq. meters should not be built facing the aisle. They should instead be built at a 30 or more degree angle to the aisle so that visitors viewing the screens or televisions will not block aisle access to neighboring booths.

The construction of a wall holding televisions must comply with these regulations:

1. Walls must not exceed 2.5 meters in height. The front of the wall must be at least one meter from the edge of the aisle or maintain an angle of at least 30 degrees with respect to the aisle.
 2. If the wall needs to exceed 2.5 meters in height then it should not be higher than 4 meters and the front of the wall should be at least 2 meters from the edge of the aisle or maintain an angle of at least 30 degrees with respect to the aisle.
 3. Contents of films or videos must be related to the theme of the exhibition.
 4. Any exhibitor in breach of these regulations will have electricity disconnected after receiving the show organizer's written notice.
- (12) Exhibitors wishing to raise balloons within one's own booths are required to apply for approval 10 days before the show opens. And any exhibitor who raises a balloon there without prior approval will have booth decorations dismantled by the show organizer at the exhibitor's expense. Balloons are limited to the booth area and the height limit of large advertising balloons should not exceed 5 meters from the ground. The height limit of small decorative balloons should not exceed 4 meters from the

ground. If the balloons are not removed from the ceiling or the threads not removed from the ceiling pipes before the exhibitor exits the hall, a NT\$10,000 fine will be imposed on each balloon and each thread respectively. In the event of any accidents due to the hanging of balloons, the organizer will be held responsible for all legal liabilities and damages.

(13) Regulations for sound systems:

1. Exhibitors who want to use sound systems of more than 20 watts should apply for approval 20 days before the show opens (for application form, contact the show manager). A deposit of NT\$50,000 will be requested upon approval of the application. Electricity will be disconnected if the deposit of NT\$50,000 is not received by the organizer.
2. The show organizer should submit application form, exhibitor list, floor plan/design and broadcast schedule to TAITRA.
3. The outer edge of the stage should be 2 meters away from the aisles. The number of speakers is limited to 2 (except for those approved by the TAITRA). Speakers, amplifiers and other sound devices should be positioned to assure that direct sound is targeted into the booth rather than toward the aisle. The volume should not exceed 85 decibels (60 decibels for H area). Adjacent booths may not hold stage activities or play audios at the same time.
4. TAITRA might organize an inspection group to enforce these rules. The inspection group will determine the penalty.
5. The enforcement will be in accordance with the following steps: First, they will issue an official verbal or written warning; Second, a fine of NT\$1,000; Third, a fine of NT\$4,000; Fourth, a fine of NT\$10,000; Fifth, a fine of NT\$15,000; Sixth, a fine of NT\$20,000; Seventh, power will be disconnected. Anyone found using a sound system without approval will have to make application and place a deposit of NT\$100,000. Electricity will be disconnected until the procedure is completed.
6. The distance for measurement of volume is at a height of 1.2 ~ 1.5 meters from ground level and 3 meters away from the sound equipment.
7. Deposits will be returned without interest after the show if exhibitors do not violate these regulations.

(14) Application for Water and Electricity:

1. The organizers should prepare one copy of required information for water and electricity application 10 days prior to entering the exhibition halls, and indicate the specification and capacity of the electricity. Upon verification by qualified water and electricity engineering contractors, the information should be submitted to TAITRA for review. Qualified electricians should be assigned to conduct corresponding work in accordance with the drawings. In the event of any losses and damages to property or life due to poor quality electrical devices, bad wiring or improper use, the contractor will be held responsible for all compensation and legal liabilities.
2. Only 110 volt power sockets on the major pillars will be provided during the entry and exit period. They will be used for booth decoration, and not for lighting and power supply of the booths.
3. One day prior to the exhibition, power supply will be provided in accordance with the time that the organizer applied for, and it will be turned off after 5 pm (except for delay conditions).
4. Applications for water and electricity (including 24 hours supply) should include protective measures (such as uninterruptible power system) self-provided by the applicants. TAITRA will not be responsible in case of temporary power failures or water supply interruption caused by TaiPower or

TAITRA's electricity (water) facilities.

5. Applications for water and electricity at each booth should be made to the organizer. Private access to power is prohibited without application. Offenders will be cut off from the water and electricity supply, and depending on the seriousness of the violations, the booth might be banned from the exhibition. Any contractor involved in such violations will have its registration rescinded. In order to maintain and ensure public security of the exhibition halls, the installation of lighting and lamps should be assigned to water and electricity contractors that are registered with the relevant unit of TAITRA and accredited with Class A electrical facility installation certificate. Alternative lamps or lighting facilities are strictly prohibited (except for exhibits). Offenders will be cut off from power supply, and depending on the seriousness of violations, the booth might be banned from exhibition. Should there be any public danger, losses and damages of property or life as a result of the above violations, the offenders will be held responsible for all compensations and legal liabilities.
- (15) Exhibitors of two-story booths should submit an application and pay the required fees in accordance with the provisions. (Please contact the organizers for the application procedures and forms.) Two-story booths are not allowed in Hall 1, Level 2, and Hall 3 of the Taipei World Trade Center.
- (16) Occupancy at the public areas inside and outside of the exhibition halls (including doors, sidewalks around the buildings, resting areas and underground parking lots, freight unloading yards, freight areas) is not allowed. Exhibitors are strictly prohibited to set up spiritual forts, billboards, flagpoles, advertising objects, posters and flower baskets at the above said public areas.
- (17) Hydrants (94cm wide, 126cm high/for the third Hall, 75cm wide, 130cm high), fire extinguishers (65cm wide, 75 cm high), fireplugs, emergency exits, air quality detectors (15cm high, 15 cm wide for one-pellet set, 30 cm wide for two-pellet set, 45 cm wide for three-pellet set), electricity boxes (60cm wide, 136cm high), exhaust port (60cm wide, 60 cm high) and all signs of the hall should never be covered, or blocked. The decorating wall around the column must also leave a space of 15cm respectively above and below the air quality detector. The height of the decorating wall around the column may not exceed 4 meters. Application should be submitted in advance for the approval of covering the column. If there is any violation of these regulations, TAITRA retains the right to determine the penalty. Each violation will be fined for NT\$ 5,000. The show organizer and exhibitor should take responsibility for any fines from Fire Bureau or any government organization due to the violation. On the other hand, Article 7 applies to the contractors.

IV Matters of attention during set-up and move-in:

- (1) The exhibitor must purchase accident insurance that includes third-party liability accident coverage for staff, workers and visitors. The exhibitor is responsible for securing insurance coverage against all risks associated with participating in the exhibition (including move-in and move-out). All exhibitors and contractors should strengthen booth construction structures, carry out the construction work securely and abide by regulations and laws concerning safety, sanitation, worker's protection, etc.
- (2) If the decoration contractors are not yet registered with the management division of TAITRA, the registration should be done 15 days prior to the commencement of the exhibition in accordance with Article 2. The contractor should have the service badge ready or apply for the working badge from the organizer, failing which the contractor will not be allowed to conduct construction work inside the exhibition halls. The managing unit reserves the right to ask contractors without the above verification badges to leave the exhibition halls immediately.
- (3) The exhibition organizer should distribute the work badges to the exhibitors to allow the staff or

contractors to access the exhibition halls during the decoration period.

- (4) The organizer should prepare 8 copies of work badge samples and submit them to the leasing division of TAITRA 3 days prior to the decoration period for identification purposes by the guards stationed at the hall entrances.

V Matters for attention during construction:

(1) Vehicle Regulation

1. The exhibition organizer shall perform the following vehicle control measures to enhance the order, safety and air quality of the exhibition halls.
2. Sedans are not allowed entry into the Exhibition Hall. Engines must be turned off after the vehicles arrive at the destination. No vehicles shall pass through the post office and the front of the landscape elevator. The speed of the vehicles must not exceed 10 km/hour in the exhibition hall.
3. Trucks delivering the decoration goods should comply with the time and order scheduled by the organizer. Security personnel may prohibit any vehicles in violation of the above from entering the exhibition halls, depending on circumstances inside the halls.
4. Any truck entering the hall must make a deposit of NT\$1,000. If the vehicle leaves within 1 hour, the deposit will be returned. Otherwise, a fee of NT\$200/hour will be charged for the parking time counted from the start of the entry, and be deducted directly from the deposit.
5. The entrance of TWTC Exhibition Hall 1 is 4.2 meters high and 7 meters wide. And that of Hall 3 is 4.47 meters high and 6.5 meters wide. To facilitate access trucks, show goods, or decorations should be disassembled into components. The exhibitor has the responsibility to pay for any damage caused during construction.
6. The maximum load for the ground floor of the Exhibition Hall is 1300 kg/square meter. No overweight, oversized vehicles or items (vehicles or items that do not fit the above guidelines) are allowed inside. Overweight and/or oversized items for exhibition or decoration must be disassembled before entry is permitted.

Regulations on loading of ground floor and vehicles entering and leaving Exhibition Hall:

Regulations on Loading of Ground Floor and Vehicles Entering and Leaving Exhibition Hall	
1. Restriction on load (incl. weight of items for exhibition) for the ground floor	1300 kg per square meter
2. Restrictions on truck load (incl. total weight of vehicle and goods)	(1) 15 tons for dual-axle; 25 tons for those with more than two axles; (2) Safety distance between any two vehicles is at least 9 meters.
3. Restrictions on load of forklift	(1) An individual forklift's total load should not exceed 13 tons; (2) Where 2 forklifts are handling different goods, they should maintain a distance of at least 9 meters.
4. Restrictions on load of crane	(1) An individual crane's total load should not exceed 15 tons; where 2 cranes are handling different goods, they should maintain a distance of at least 9 meters; (2) Before loading, wooden or steel board should be used

	to pad the load support. The padding materials should not be less than 30cm (length) x 30cm (width) x 15cm (height).
--	--

The use of any truck with a gross weight of over 15 tons (based on the load indicated on the vehicle or vehicle license) should apply 5 days before entry. Cranes of any tonnage (including derrick trucks) should apply to TAITRA for permission to enter, and submit the entry application to the management division 2 working days prior to the entry. For any vehicles weighing over 15 metric tons and loaded with goods, a weighting proof certified within the last 24 hours should be submitted to the management division for approval prior to entry. The vehicle can only enter the exhibition hall for operation within the approved period. Restrictions to the number of diesel forklifts: In principle, the World Trade Center Exhibition Hall 1 can only allow up to 4 forklifts at any one time (The atrium (Zone D) can only allow a maximum of 2 forklifts at any given time). The forklift should apply to TAITRA for entry permission in advance.

7. Charging method of the air pollution control admission fee for crane operations (including derrick truck):
 - a. Entry during working hours (6 am to 7 pm on work days):

The applicant should fill up the “Crane (including derrick truck) Entry Application Form” and submit it to the management division no later than 2 working days prior to the entry date. A NT\$2,000 deposit should be submitted upon entry (higher pricing may apply to mechanical or large scale exhibitions). The vehicle user should connect the adapter and the aluminum duct, provided by the security guard, to the vehicle’s exhaust pipe and return them to the security guard upon completing his work.

The above air pollution control charge is NT\$500 for the first hour and NT\$300 per hour from the second hour and beyond. The fees are calculated from time of entry to time of exit and rounded up to the hour. If the entry application is submitted to the management division less than 2 working days prior to the exhibition, an additional 50% fee will be imposed in addition to the above charging standard.
 - b. Entry during non-working hours (before 6 am and after 7 pm on working days and holidays):

Air pollution control charges will be waived. However, vehicle exhaust emission will still be implemented, and the corresponding costs for security personnel should be paid by the applicant.
 - c. TAITRA reserves the right to modify timings and dates or reject applications, in the event of an excessive number of applications or any other considerations.
 8. The operation of grapnel trucks should comply with "Article 6: exit compliance matters". The World Trade Center Exhibition Hall 1 only allows up to 4 grapnel trucks at any one time. The implementation of the aforementioned provisions on exhaust emissions and cost of security personnel shall apply.
 9. Cranes and grapnel trucks are not allowed to operate in the World Trade Center Exhibition Hall 3.
- (2) Entry order and important notes:
1. The water and electricity contractor should submit one copy of the booth plan to the management division prior to construction to gain access into the hall. The water and electricity contractor can apply to the facility division and management division for wiring during the gap period. Early entry or overtime work at the exhibition venue during the leased period should be approved by the

- organizer.
2. The carpet contractor should submit one copy of the booth plan to the management division prior to construction to gain access into the hall. For large scale machinery exhibitions or exhibitions with heavy equipment exhibits, the carpet contractor can apply to the facility division and management division for early entry during the gap period. Upon approval, the contractor can enter the exhibition hall to conduct carpet laying work. Early entry or overtime work at the exhibition venue during the leased period should be approved by the organizer.
 3. Notices for use of paint
 - a. In order to maintain air quality, only water-based cement paint is allowed in the exhibition halls. Volatile paint is strictly prohibited.
 - b. To maintain toilet cleanliness, paint tools (brushes, brush barrel, etc.) can only be washed at the sink outside of the toilets (or buildings). Washing of paint tools inside the toilet is strictly prohibited.
 - c. The remaining paint or putty should be placed in proper containers before throwing them into the trash can. It is strictly prohibited to dump them into the sink directly to avoid any drainage clog.
 - d. Selling mineral water in the exhibition halls is prohibited. Water, flower and lunch box vendors are not allowed to move their vehicles into the exhibition halls (except for vendors sending potted plants used for booth beautification and decoration).
 - (3) Interior design work should be done within the space of one's own booth(s) and should not extend to the aisle not hinder passing traffic.
 - (4) If the decoration is chiefly made of wood, then it should be made ready outside the Exhibition Hall before move-in and assembly. The 2nd floor of the exhibition halls should use flameproof and environmental friendly decoration materials which is sectional, recyclable and reusable. Decoration of the 2nd floor should be assigned to only one contractor. In principle, decoration with wooden materials is prohibited on the 2nd floor.
 - (5) Contractors may not use steel nails, solvent type paint, spray paint, electric saws, or soldering on floor work inside the Exhibition Hall. In such cases, electricity will be cut off.
 - (6) All kinds of fuel-powered generators are prohibited in the exhibition halls.
 - (7) Painting should begin only after the floor is properly covered with plastic cloth or boards.
 - (8) Carpets should not be glued directly to the floor. A 10-centimeter wide double-glued tape must be used along the edge of the carpet to stick down the carpet. The ground should be secured with non-unglued tapes first before applying woven sided tapes to lay the carpets. All tapes and tape residues on the ground should be completely removed and deposited in the trash can before exiting the hall. Offenders will be banned from entry for 6 months.
 - (9) Treatment of construction materials:
 1. Construction wastes and packaging materials should be cleared daily and must not be placed on the aisles to avoid safety hazards.
 2. The organizer is responsible for the thorough clearance of overtime waste, and the corresponding costs should be borne by the exhibitor and contractor in violation of the rules. Should the overtime wastes affect the subsequent operation of the exhibition, the organizer, exhibitor and contractor will be jointly held responsible for the liabilities.
 - (10) Repair and compensation will be required in the event of damages to the facilities in the exhibition halls during construction or handling. In the event of loss and damages to life or property, the organizer,

exhibitor and decoration contractor should be held responsible for compensation and legal liabilities.

- (11) No alcoholic beverages, betel nut, chewing gum or smoking is allowed inside the premises. For the sake of everyone's public image, all workers must wear proper clothing and sandals are not allowed.
- (12) Smoking is prohibited inside the exhibition halls to avoid safety hazards. Offenders will face the following punishments:

1. First smoking offence→ an informant will be issued without penalty, and the decoration contractor should demand the guilty staff to stop immediately.
2. Second smoking offence→ an informant will be issued with a NT\$500 fine, and 1 faulty point will be put on the record.
3. Third smoking offence→ an informant will be issued with a NT\$1,000 fine, and 2 faulty points will be put on the record.

For each subsequent smoking offence, a penalty of \$NT500 and 1 faulty point will be imposed. The monetary fine and faulty point will be issued to the contractor in charge of the guilty offender. An accumulation of 3 faulty points will automatically lead to a 1 year revocation of the contractor's membership. Before obtaining a new membership, the contractor cannot conduct work in the exhibition halls under TAITRA's charge (including World Trade Center Exhibition Halls 1 and 3, and Nangang Exhibition Hall).

- (13) No materials can be placed inside the space outlined by the yellow net areas, or beside any air conditioner or vending machine inside and outside the Exhibition Hall. Any violation will result in a six month ban from working inside. No exhibitor or decorator is allowed to install the air conditioner inside or outside the booths. Any violation will result in NT\$10,000 fine. Continuous violation will face duplicate punishment such as power cut-off or removal. The total removal cost will be wholly borne by the user (exhibitor or decorator) or deducted from the deposit.
- (14) If the cleaning work of the booth for exhibition opening is to be entrusted to a cleaning company, then the work should be entrusted to the cleaning company officially contracted with TAITRA for Exhibition Hall cleaning.

- (15) Safety and Insurance:

1. Throughout the exhibition period, the exhibitors should take care of their own exhibits, decoration and facilities, and purchase any necessary insurance. TAITRA will not be liable for any losses or damages.
2. In the event of any losses or damages to life and property during the exhibition due to improper installation, operation, maintenance or management of the facilities, objects and exhibits at the booth, the exhibitor or the decoration contractor will be held responsible for all compensations and legal liabilities. The exhibitor and the decoration contractor should firmly secure the decoration structure, conduct proper construction, comply with the safety protection measures, purchase public liability insurance if necessary, and implement labor safety and hygiene rules as well as other provisions.

- (16) To ensure safety of workers and maintenance of facilities during the exit period, all glass items in the booth (including decoration or exhibits) should remain intact and the decoration contractor should recycle the glass items without causing any breakages. Offenders will be fined \$NT2,000~5,000 in accordance with Article 5 Paragraph 14 of the provisions.

VI Exit compliance matters:

The exhibits, decoration material and wastes should be completely cleared before the exit deadline and

discharged from the exhibition halls. If a grapnel truck is required for special reasons, the organizer should apply for it in advance. The operation of grapnel trucks is limited to areas A, B and C of the World Trade Center Hall 1. Operation in area D and the main access areas outside the exhibition hall is strictly prohibited. The operation time of the grapnel truck inside the exhibition hall is after 19:00 and before 06:00 on working days. There is no operation time restriction on weekends. However, the organizer should take into consideration the time required for preliminary work such as removal of water and electricity items as well as carpets. The organizer of the exhibition/event should submit the "World Trade Center Exhibition Hall 1 Grapnel Truck Entry Application Form" to the leasing division 5 days prior to the entry of the grapnel truck. TAITRA may reject or approve the application based on safety considerations.

VII Penalties for violations:

- (1) Electricity and water cut off.
- (2) Any exhibitor refusing to rework improperly installed decorations as directed will have the decorations dismantled by TAITRA prior to the show at the exhibitor's own expense, and/or will face the closure of the booth. Cost of booth closure will be borne by the organizer or the exhibitors.
- (3) Exhibitors violating these regulations or failing to monitor the contractors' work will be prohibited from participating in the show next time.
- (4) TAITRA retains the right to determine the penalty:
 1. Besides legal liabilities, contractors violating these rules will be fined by TAITRA NT\$2,000 ~ NT\$5,000.  - f. Foodstuff and drinks to be consumed during the show
 - g. Jewelry, precious stones, and gold coins (hand carried)
 - h. Liquors, spirits, wines, and tobaccos
- C. Exhibits such as fresh flowers, live plants, bulbs, etc. must be imported on a duty-paid basis and in strict observance of "Quarantine Regulations on Importation of Plantation into the Republic of China".
- D. Note that exhibits such as some of the telecommunication and military equipment, chemicals, drugs, alcohol, tobacco, fireworks, weapons, and explosives need government endorsement and permits for importation.
- E. The ATA CARNET is not accepted except in the case of countries having similar bilateral agreements with Taiwan.

(2) Exhibits in Bond

According to customs regulations, goods with bonded status may remain in Taiwan for a maximum of six months from the date of importation. During the show-days, exhibits are strictly prohibited from being removed from the premises. Such exhibits should be returned to the bonded warehouse right after the show. They shall neither be sold nor re-exported until all procedures are cleared by the exhibitors concerned. The organizer has the right to return all overdue bonded exhibits on the exhibitor's account without necessarily obtaining the exhibitor's permission.

(3) Exhibits Imported on a Deposit or Duty-paid Basis

Exhibits brought in on a deposit or duty-paid basis must be handled by the exhibitor's agent or representative in Taiwan who will act as a consignee and who will be responsible for any and all customs duties.

(4) Shipping Mark

All packages to be imported on a bonded basis must be marked as follows:

Show Name: **TaiSPO 2019**

Show Dates: **Mar. 28-30, 2019**

Show Site: **Taipei World Trade Center Exhibition Hall 1**

Exhibitor: _____

Booth Number: _____

Case Number: _____

Dimensions: _____

Gross & Net Weight: _____

(5) Shipment

- A. Exhibits on a bonded basis must be shipped on "Freight Prepaid" terms. Sea shipments must be scheduled for arrival at Keelung Port no later than THREE weeks prior to the show opening, and air shipments at Taoyuan International Airport no later than TWO weeks, to allow sufficient time for customs clearance. Exhibits arriving at Taichung or Kaohsiung must reach destination ONE week earlier than the above-mentioned schedules. Documents and/or exhibits arriving late will be charged an additional 15% in customs clearance fees and service charges for the extra working hours required to complete procedures.
- B. For exhibits shipped on a deposit or duty-paid basis, exhibitors may ship them by the forwarders of their choice that have branch offices or agents in Taiwan.
- C. For bonded exhibits, exhibitors are required to clear customs procedures through one of TAITRA's two official forwarders.

(6) Official Forwarders

Only the official forwarders will be responsible for handling all exhibits imported on a bonded basis. Their services include customs clearance, transport of exhibits from port of arrival to the exhibition site and vice versa, local storage, unpacking and re-packing, placement of goods in display area, and re-export formalities. The handling charges for all such services will be borne by the exhibitor concerned and calculated according to the tariff listed.

(7) Shipping Documentation

A. The organizer requires the following documents to clear exhibitor's shipment through Taiwan customs:

*2 copies of Original Ocean Bills of Lading / Airway Bills

*4 copies of Commercial Invoices & Packing Lists (See **Form 9**)

*2 copies of Exhibit Catalogs

Form 9 will be honored only for goods imported on a bonded basis. TAITRA will not accept Commercial Invoice & Packing Lists for goods imported on a duty-paid or deposit basis, since TAITRA is not the consignee.

All above documents along with a completed Form 9 should reach the organizer and official forwarders THREE weeks prior to the show opening.

Bills of Lading / Airway Bills should be clearly defined with the additional clause "Exhibits are imported for (name of the show) and shall be transferred to TWTC bonded warehouse of Taipei customs territory."

B. To facilitate the processing of customs clearance procedures, all boxes, crates, etc, should be accompanied by detailed packing lists in duplicate with the identification words of exhibits.

(8) Disposal of Exhibits during & after the Show

A. Bonded exhibits: To provide exhibitors with adequate time to dispose of their exhibits, either by sale locally or by re-export, the organizer is allowed to store exhibitors' goods in a bonded warehouse for a period of up to three months after the show. Any storage charge incurred will be charged to the account of the exhibitor concerned.

Procedures for the sale of bonded exhibits:

Whether through outright sale or by means of distribution agreement, exhibits can be released from the bonded warehouse only after each and every one of the following procedures has been completed:

a. Securing an import permit:

This is done by the buyer on the basis of the relevant Performa Invoice prepared by the exhibitor.

b. Remittance of cost of goods: The buyer is responsible for securing the necessary foreign exchange and remitting it to the exhibitor through an authorized bank.

c. Transfer of exhibitor's property to the buyer: This is accomplished by the exhibitor by completing "Authority / Receipt for Transfer of Exhibitor's Property", which must be signed by the exhibitor and countersigned by Taiwan External Trade Development Council.

d. Payment of import duties:

This is also the responsibility of the buyer.

B. Duty-paid or deposit basis:

Goods can be released from the showground only after the show closes, regardless when the said goods are sold.

C. Re-exportation of exhibits: Exhibitors shall instruct the official forwarders concerned to take the necessary steps as soon as re-exportation of exhibits is decided.
